# DISC team profile

Organisation | Team

Date

A legend is displayed on the first page. The names of the candidates and the designation in the team wheels are shown here.

On the second page all candidates are plotted in the team wheel with their score of the basic style.

On the third page all candidates are plotted in the team wheel with their score of the response style. This team wheel is used in the exercises with the team.

On the fourth page, a part of the theory is discussed. E.g. how to read the team wheel.

The fifth page contains example questions you can ask the team as a trainer/coach.

In addition, a link is made with work-related situations.

On the last page you will find a template of an action plan. You can fill it in with the whole team to create concrete goals.
